

GUIDED SUNRISEHIKE ON THE MENDOLA WITH JOSEF

On the Lavinaspitz (Italian: Monte Lira), approx. 1,650 m, we greet the new day with the rising sun over the Dolomites. We reach the viewpoint from the car park at the golf meadows via the forest path along the ski slope, past the Halbweg hut, and from there to the Lavinaspitz in a short time. The panorama is magnificent: directly beneath our feet lies Lake Kaltern, the Überetsch, the Etschtal and the Bolzano basin; opposite us, to the east, the Dolomites with the Schlern, Rosengarten, Latemar and the Lagorai chain. After the sunrise and a little refreshment with a warm drink, we hike back along the forest path to the golf meadows at the Mendel Pass.
